

devolo Home Control

Wall Switch

Operate the devices in your home with the push of a button.

With the **devolo Wall Switch**, your smart home is more versatile than ever before! Switch your device groups on or off at the touch of a button, have the light switch at the ideal place or transfer your entire house to night mode at the touch of a button – the devolo Wall Switch makes it possible.

devolo Home Control

Wall Switch

Product features:

- Up to four programmable buttons for operating selected Home Control components, e.g. switching all lights on/off or heating on/off.
- Easily control individual Home Control components, groups or scenarios at the touch of a button.
- Versatile installation via adhesive film or screws (included in the box contents). No drilling, no mess!
- Easy installation (2 or 4 programmable buttons) with two different rocker switches.
- Easily programmable via an app or on the computer.
- Individually expandable at any time with other devolo Home Control components.
- Future-proofed thanks to standardised Z-Wave® wireless technology.
- 3-year manufacturer's warranty.

Application example:

if the Wall Switch activates the „Good Morning Scene“

then

the Radiator Thermostat heats the bathroom

and

the Smart Metering Plug turns the coffee machine on.

Wall Switch UK
